/CallbackFunc.h

```
graph BT; A["/Users/sandrews/SSA<br>/software/Smoldyn/github<br>/Smoldyn/source/python<br>/CallbackFunc.cpp"] --> C["/Users/sandrews/SSA<br>/software/Smoldyn/github<br>/Smoldyn/source/python<br>/CallbackFunc.h"]; B["/Users/sandrews/SSA<br>/software/Smoldyn/github<br>/Smoldyn/source/python<br>/module.cpp"] --> C;
```

The diagram illustrates a compilation process. At the bottom, there are two white rectangular boxes with black borders. The left box contains the file path and name for 'CallbackFunc.cpp', and the right box contains the file path and name for 'module.cpp'. From the top-right corner of the left box, a blue arrow points diagonally upwards and to the right, ending at the bottom-left corner of the top box. Similarly, from the top-left corner of the right box, a blue arrow points diagonally upwards and to the left, ending at the bottom-right corner of the top box. The top box is gray with a black border and contains the file path and name for 'CallbackFunc.h', which is the result of the compilation of the two source files below it.
